COMPANY PROFILE

Kitchen Solutions

Kitchen Solutions Joinery supplies a range of kitchens to the trade designed specifically for today's homes. With a perfect blend of practicality, durability and visual appeal, they have been designed to complement the requirements of today life style.

Kitchens are available in a wide range of styles to suit all tastes and come complete with a full range of accessories. At first glance, you can tell that these quality kitchens have been expertly designed, and after many years of trouble free use you will be able to appreciate just what makes these kitchens stand above the rest.

All kitchen cabinets are rigid construction and factory assembled (with the exception of the Technical ranges) and extensively tested for quality, conformity and performance far exceeding every day wear and tear.

All kitchen carcasses are guaranteed for a period of 5 years, and in the unlikely event of manufacturing or material defect, any carcass will be replaced free of charge.

Our company is fully Black Economic Empowered. Our staff team consists of five, two onsite team and one factory team. All our staff members are skilled to work in the factory and onsite.

Kitchen Solutions is trading as Ukwanda Architectural Designs cc. It has been in existence since from 2007 trading as an Architectural firm with 3 members Anele A. Moss (C.E.O), Samuel Mahapa (Managing Director) and Robert Lando (director) designing houses and townhouses. UKWANDA ARCHITECTS cc. was established an uncompromising vision of being one of the leading practices in the country, that offers creative, holistic and intelligent Architectural solutions. We are a locally based Architectural firm that strives to guarantee complete satisfaction of our clients through service excellence. Then in 2008 Anele A. Moss Started his own company called Kitchen Solutions specialising in kitchen and Bath carpentry.

As I have worked and have experience in all areas of the building industry, and have spent 7 years working as a Architectural Technologist, designing houses from project appraisal, to design concept and development, to finalisation of design in compliance with local authority regulations. My experience has gave me a platform to offer a full spectrum of services from design, sales to top quality installation of built-in-Cupboards, bathroom Vanities, studies and bars of top quality and craftsmanship.

All our designs are presented 3 x dimensionally on full colour A4 drawings, showing every details and from every angle, thereby alleviating any misunderstanding that could arise from our briefing with your clients, prior to installations. We offer a free design service to all clients.

Developments that we have completed (and are still busy):
